### Detailed Information Regarding Circumstances Surrounding Abduction

After a nine-year marriage to Mr. John Kennedy Peterson, during which the children and I were repeatedly subjected to severe psychological, physical and emotional abuse, I, Pandita C. J. Seaman decided to end the relationship. In the beginning of February 2010, Mr. Peterson moved out of our rented house. I continued living in that house with our four children, ages 8, 6, 5 and 3, as their primary caregiver. Sometime around the beginning of July Mr. Peterson moved out of his apartment in Chapala, Jalisco, Mexico, and returned to the United States, where he remained until the end of September 2010. During the time he was away he refused to pay the children's school tuition or help purchase the school supplies for the beginning of the school year as we had agreed upon, and other than one phone call in which he demanded money, did not call the children or show any interest in the their wellbeing the entire time.

At 6 p.m. on the 24<sup>th</sup> of September 2010, I returned to my house in Priv. Lopez Cotilla #10, Chapala, Jalisco, with my children, from a child's birthday party and find Mr. Peterson standing outside my front door. He informed me that he had broken into my house to search for anything of interest, as he had been threatening to "destroy me". When I opened the front door he forced his way in behind me, went upstairs and said hello to the children for a few minutes, then came downstairs and started verbally abusing and threatening me, and leveling accusations against me. I asked him to leave my house, which he refused to do and continued screaming in my face. He slapped me several times, threw me on the couch, and choked me while saying he was going to kill me. He eventually left the house. I was extremely frightened for my life and afraid he would abduct the children, so I called my parents and after making a formal report at the local police station, my parents took the children and I to their house, where we lived until the abduction took place.

On Monday the 27<sup>th</sup> of September 2010, at 8:00 p.m., because of the events afore mentioned, John Kennedy Peterson and I appeared before a local judge of the police station in Chapala, Jalisco, Mexico, Lic. Sergio Gutierrez Tejeda. Although I expressed my strong fear that he would fail to return the children due to his history of threatening to do so, and his recent behavior, the judge still insisted that Mr. Peterson be allowed to take the children on Saturday the 2<sup>nd</sup> of October, 2010, with the condition that he return the children THE SAME DAY by 10:00 p.m. The judge told us that if either of us failed to comply with the arrangement we would face jail time.

As agreed, I gave him the children at 8:45 on the morning of the 2<sup>nd</sup> of October 2010. At 9:00 p.m. the night of the same day, I received a phone call in which he informed me that he was not returning the children. That was the last

time I heard from Jim, and I have not seen or heard from my children since the morning of the 2<sup>nd</sup> of October 2010.

Since the abduction, (kidnapping) of my children, I have received a report from a friend of his, Mr. David Osteen, of Warner Robins, Georgia, who was concerned for the children due to Mr. Peterson's mental instability. This friend said that Mr. Peterson had called him and reported being in Texas. On the 6<sup>th</sup> of October we received visual confirmation from the same source that Mr. Peterson is indeed in Georgia, USA and was seen driving a red truck when he arrived at Mr. Osteen's home at 122 Sinton Place, Huntington Park, Warner Robins Georgia (tel. 1-4/8-973 5050) on the 6<sup>th</sup> of October 2010 to pick up some items he had left there over the summer. We have also heard through another friend of his, Mr. Gilbert Silverman his psychiatrist, and warden for the US consulate in Guadalajara, that Mr. Peterson claims to have enrolled the children in school. Mr. Peterson also claims to be attempting to gain full legal custody of the children.

As a final note, my eldest son, Conner Drake Peterson age 6, was recently diagnosed with absent seizures as well as hyperactivity, his father, Mr. Peterson, has no knowledge of his prescription and as such is most likely not administering the medication.

I sincerely believe that the Children are in danger simply because John K. Peterson is not in his right mind, smokes marijuana, drinks, is quite volatile and unpredictable, aggressive and violent. He owns at least one firearm that I know of. For the duration of our marriage I have been unable to leave the children with him at home alone, as I would return to the children with bruises and crying. Till now, I've never been away from them for more than a night at a time, and that only a handful of times when a family member would babysit.

On MONDAY THE 11<sup>TH</sup> OF OCTOBER I received a call from a man who identified himself only as the SHERIFF OF WARNER ROBINS, Georgia, USA. After around 15 minutes of questioning about the children, he hung up only to call back in a few minutes notifying me of a temporary custody hearing the following day at the Houston County Courthouse. This was despite the fact that I had informed him that I was in Mexico at the time. I have no further knowledge of the affair, ~~but do know that the judge who was to preside was JUDGE EDWARDS at the Houston County Courthouse.~~

**Sheriff's Number:**(478) 542-2092

John Peterson was also ARRESTED IN GEORGIA for driving with a Mexican driver's license sometime during the summer of 2010. His defense was that he was living in Mexico, which he was. Tourists cannot get a Mexican driver's license. Only Residents can.

---

It baffles me that JOHN PETERSON could cross the border with four small children, seeing that I have the CHILDREN'S PASSPORTS and all other legal documents in my possession in MEXICO. Did he smuggle them across? Or did he lie to the authorities to get them new passports?

---

The children are all bilingual, the oldest two Tara Leone and Conner Drake are fluent in both English and Spanish due to their time living in Mexico. The two younger ones also have a strong command of the language.

---

John Peterson's motive to abduct the children, by his own words, is to "destroy" me, Pandita Charm-Joy Seaman, the children's mother and full time care giver, as he has said several times; he seldom spent time with the children even when we lived together. John Peterson gets pleasure from making others suffer.
